

## **Bio**

### **Richard H. Paddock Director, Medical Devices International Trade Administration**

Richard H. Paddock is a Senior International Trade Specialist and Health Team Lead for the International Trade Administration's Office of Health and Consumer Goods within the U.S. Department of Commerce. Mr. Paddock follows trends and development dealing with international healthcare policy issues, and provides assistance to U.S. healthcare companies marketing abroad. Current areas of focus include the EU, South Korea, India, and China.

Prior to joining the Commerce Department, Mr. Paddock worked for export trading companies engaged in healthcare projects in Los Angeles, Washington and the Middle East. Mr. Paddock received his Masters in International Business from George Washington University in Washington, D.C. in 1985. He was also an Adjunct Professor of International Business and International Marketing at Northern Virginia Community College (1992-1995).
