

# MISSISSIPPI COMPANIES LOOKING FOR BUSINESS OPPORTUNITIES IN THE *Philippines*

## August 27-29, 2014

### THOMASSON COMPANY

**THOMASSON COMPANY** has become one of the industry's most reliable resources for pressure-treated wood poles and piling. Thomasson has established one of the largest alliances of pole supply vendors in the USA. Thomasson pioneered the consignment distribution model that remains prevalent within the utility pole industry. Thomasson provides utility poles, piling, cross ties, fence posts, cross arms, crane mats, and other specialty products. Treatment options are CCA, Creosote, Penta, CCA-ET, and ACZA. Thomasson Company and its subsidiaries are strategically located in the heart of the Southern Pine Forest, and also utilize Douglas Fir and Western Red Cedar. They offer almost every treatment approved by the American Wood Preservers Association and industry-specific solutions for the electric power utilities sector.

### NAVAGIS

Navagis helps utility companies create integrated operating maps that enable decision makers and end users to visualize critical information to realize more revenue, optimize assets, manage costs, and increase safety. The Navagis Enterprise Visualization Management (EVM) Solution Suite is built on open systems and Google Geo technology so it scales to integrate all information sources including location-based and temporal data components. Service includes Asset Mapping, Mobile Workforce, and Business Intelligence.
