

Brian Shultz
Vice President of Sales & Marketing
APS Technology

Brian Shultz is the Vice President of Sales and Marketing of APS Technology, an ABB company. Brian has more than 18 years experience in international & IT leadership positions. Brian has lived and worked in South America, Europe, Africa and has managed teams globally. He has facilitated M&A transactions in North America and South America and has considerable corporate turn-around experience. Prior to APS Technology, Brian was the Senior Vice President of Product, Sales and Marketing at International Asset Systems where, as part of the management team, he helped market and sell that company to Warburg Pincus. Brian earned his International Master of Business Administration from Thunderbird and his undergraduate degree in International Economics from Texas Tech University.
